

Elizabeth (Liz) Bigham

UX/UI Designer with 4+ years of experience leading end-to-end product design for Fortune 500 clients. Expert in visual design, prototyping, design strategy, and cross-functional collaboration, with experience delivering high-profile launches and driving measurable impact.

Experience

Publicis Sapient

Associate Experience Designer, June 2022 – Present, Chicago, IL

- Shaped Total Wireless's first AI-powered conversational interface, a groundbreaking solution that transformed how users navigate the shopping, earning executive recognition and driving a successful public launch
- Designed and optimized mobile experiences for Straight Talk and Total Wireless, contributing to a 15–25% increase in monthly app engagement in 2025 compared to 2024 benchmarks.
- Delivered end-to-end design solutions for Verizon, Discover, Academy Sports + Outdoors, and Teaching Strategies, balancing business goals with user needs through wireframes, prototypes, and design systems.
- Facilitated cross-functional collaboration across product, engineering, and strategy teams in Agile environments

Arity

UX Design Consultant Intern

June 2021 – August 2021, Chicago, IL

- Designed innovative solutions aligning to using telematics data to improve transportation safety and ease for insurance customers
- Conducted frequent feedback loops with user research, testing, and metrics analysis to articulate ideas clearly with wireframes and prototypes
- Used human centered design to align customer needs through user interviews, usability testing, and workshops

Covidopoly

UX/UI Design Intern

May 2020 – Sept 2020, Remote

- Translated desktop gameplay into mobile, contributing to 1M+ plays across 150 countries
- Collaborated with developers and visual designers to streamline processes and improve user experience consistency

Education

University of Michigan, Ann Arbor, MI

Bachelor of Science in Information with a concentration in User Experience

Design, Sept 2018 – May 2022

• GPA: 3.80/4.0

Ixperience

Two-week intensive UX/UI Design Bootcamp, Jan 2021
